

WHAT'S THE USE OF IT TO ME?!

What you should do now:

1. Arrange a meeting with your mentor or another support person to reflect on your learning process.

2. Organise your reflection! Keep a diary or write a monthly report or set up a blog that tracks your development, your learning achievements and the competences you've acquired. Or use an app that helps you to note down important moments during your project.

3. Your organisation should register at youthpass.eu and add you to its project as a volunteer. You'll then get your own access (via direct link) so you and your organisation can add to your personal Youthpass. At the end of your service, your host organisation will generate a PDF document that can be issued in various languages, printed out any number of times and signed for you to take away with you.

4. For more information about Youthpass and about reflecting on learning, go to youthpass.eu. If you have a specific question, please don't hesitate to get in touch with your National Agency or with the Youthpass Helpdesk.

Have fun –
and never stop
learning!!!
